Request for a Minor
College of Engineering
The University of Texas at El Paso

Last Name: ____________________________ First Name: ____________________________ M.I. ___

ID Number: ____________________________ UTEP email: ____________________________ Overall GPA: ______

Current Major: ____________________________ College: ____________________________

Desired Minor: ____________________________ College: ____________________________

I understand that as a student with a declared “Minor” status, I understand that:

- I must fulfill the specified requirements for a minor in the specified discipline simultaneously with my major degree requirements;
- The semester credit hours may or may not be utilized to fulfill the total semester credit hours (for completion of the major degree requirements); and
- The extent to which the minor semester credit hours may count toward my major degree requirements are by agreement with my major advisor, and may require a “course substitution” to my major degree plan.
